

The Choice of Professionals

END COVER FOR LAMINATE FLOOR

- Allows floors to expand and contract as required.
- Protection of the exposed edges leaving a professional clean finish.
- For use in doorways, around brickwork or around the perimeter of the room.
 - NOTE: Other perimeter solutions include removal and reinstallation of skirting boards over the new floor. Use of quad, scotia or the DTA LFEC range is also not uncommon.
- Various colours to match either floor or door.
- Creates a neat transition between floor surfaces.
- Tested to slip resistance standard AS 4586:2013 with a slip resistance rating of P4.

	SIZE A	SIZE B	SIZE C
